

Filled multi-candidate scorecard

Three finalists, four competencies, one decision. Evidence cell is **required** — a score without evidence is invalid in debrief. Knockout failure overrides total score.

Competency	Candidate A	Candidate B	Candidate C
Discovery	3 · Asked 4 of 5 expected probes; missed budget timing.	4 · Reframed the prospect's question; cited the deal-killer trap.	2 · Listed features; no probe on budget or process.
Objection handling	4 · Reframed two stalls with customer references.	3 · One reframe; conceded on the second.	3 · Solid pattern, less depth on competitive.
Pipeline discipline	2 · Talked through deals by feel, not stage criteria.	3 · Stage definitions clear; forecast within 10%.	3 · Used MEDDIC consistently in last 2 quarters.
Communication	3 · Clear structure; one 8-minute over-long answer.	4 · Tight, checked understanding twice.	3 · Clear; missed one stakeholder framing.
Decision	Hire — knockout met; coach pipeline	Strong hire — fast-track	No hire — discovery below bar

Knockouts: Discovery and Objection handling must score 3+ for IC sales. Candidate C fails Discovery; do not proceed regardless of other strengths.
